To Whom It May Concern

RE: Recommendation Letter for Afraaz Mulji

The Department of Creative Arts was delighted to invite and host Afraaz as a guest lecturer at the Department of Creative Arts, University of Dar-es-Salaam in January 24th 2018.

He facilitated an innovative, participatory workshop of his design, exploring methods of Improvisation and the concepts of Creative Freethinking for our students from music, theatre, film and television, art and design disciplines.

Mr. Afraaz Mulji's facilitation techniques were outstanding. Our students loved his workshop as it pushed them out of their comfort zones into uncharted territory, where they were able to explore ideas, interact, engage in dialogue and create art in an uninhibited manner in a short period of time.

We were pleased to have facilitated this association, and were grateful for Afraaz's contributions to our artistic community profoundly.

The department commends him for his creative ideas, keen intellect, insatiable curiosity and his determination to positively engage with people and contribute his time and knowledge to the artistic and knowledge societies of the world.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kedmon Mapana'.

Kedmon Mapana (PhD)
Head - Department of Creative Arts.
