6210 10ÈME AVENUE

MONTRÉAL CANADA H1Y2H6

It is my pleasure to strongly recommend to you M. Afraaz Mulji, a young pianist/organist/improviser with great talent. I have given a composing seminar that M. Mulji attended and I had the chance to witness his unique creativity and true talent for improvising compositions in large forms, and his capability of integrating sonic material ranging from pure sound objects to harmonic structures and melodic inventiveness. It is my belief that he is a gifted artist with an enormous creative potential.
